Deep Learning Exam

Full Name	
Matriculation Number	
Course of Studies	

- You have 90 minutes to finish the exam.
- All questions are single or multiple choice. For each multiple-choie question, one or more than one option could be correct.
- This exam does not include negative points. The minimum points you can get from a question is zero. You need to choose all correct options to get full grade points. Choosing any incorrect option will be penalized.
- Only the answers marked on the answer sheet will be evaluated. You can use this question sheet's space to write down any calculation or note you want for your own analysis. Nothing that you write in this question sheet will be considered. The final grade is evaluated solely based on your answer sheet.
- You are **not allowed** to answer with a pencil.
- You are not allowed to use any electronic auxiliaries including calculators.
- You are allowed to use exactly one **handwritten** DinA4 sheet of notes. (Back and front, Photocopies are not allowed.)
- Students who registered with "Campo" can check their results after grading there. All others will be notified by the e-mail address linked with the StudOn course access.

☐ You can send me e-mails for upcoming events and open positions to the following e-mail address[*]:

☐ **Consent to data processing**[*]

We would like to improve the recognition of crossmarks. Please mark if you:

1. Consent to the processing of your handwritten crossmarks (below the grading table) in an anonymous form for the purpose of supporting the improvement of detecting crossmarks in exam sheets and for scientific research.
2. Consent that the dataset will be published in an anonymous form as part of a large dataset online to allow future scientific research.
3. Consent that my data cannot be deleted afterwards.

I have visited the Deep Learning exercise in the following semester [**]:

I have read all the information above and entered required data truthfully:

PLEASE WRITE ANSWERS ONLY ON THIS ANSWER SHEET!

[*] Consenting to data processing and entering your e-mail address is optional and has no effect on the exam whatsoever. By entering your e-mail address, you confirm that you want to be added to a mailing list from our lab.

[**] This addresses in particular students who did the exercise in a previous semester. We want to ensure bonus points are transferred correctly from previous semesters.
